

WARRANTY

Thank you for purchasing our quality **Ziptrak®¹ Blinds**.

All extrusions are fabricated of high-grade aluminium and powder coated to choice of colour.
FEATURES: SPRING LOADED, EASY OPERATION.

With a TWO-YEAR WARRANTY on all components, we can affirm that our product meets the highest standards in blind fabrication, customer safety and quality assurance. Only failures directly attributable to part failures are covered by this warranty. No wilful damage, vandalism or acts of God.

CARE INSTRUCTIONS

Little maintenance is necessary. However, from time to time, we recommend you clean PVC with warm soapy water and wipe dry. Occasionally after washing use a quality Plastic and Vinyl Cleaner like "VuPlex"® to clean, polish and remove static on clear and coloured plastic. "VuPlex"® is available at your Ziptrak® dealer.

Extrusions: At least once a year tracks should be washed with soap and water and clear Silicone Spray should be applied to the tracks.

NOT COVERED BY THIS WARRANTY

Fair wear and tear.

Damage resulting from negligence, neglect or default on the part of the purchaser or third parties.

Damage resulting from storm, wind or rain. When high winds and storms are predicted blinds should be rolled up. Deterioration of surface finishes due to exposure to ocean salt spray or other corrosive atmosphere

¹ Ziptrak® Track Guided Blind System, Patent No.2002300183
Registered Trademark Ziptrak Pty Ltd

FABRIC

The fabric you have selected for your Shade System is SOLTIS® 86 a Précontraint FERRARI® Technical Textile designed and manufactured in France. Due to their micro-aerations, SOLTIS textiles regulate the sun's heat. Installed on the outside of windows, SOLTIS absorbs and reflects up to 86-90% of the heat generated by the sun, thus eliminating the sun's greenhouse effect. Endowed with polymers, which ensure their protection against UV, soiling and mould, they conserve their initial state.

Dirt does not stick to the fabric due to its smooth, even surface structure. The quality of polymers used in the manufacture of SOLTIS textiles ensures high colour fastness.

Maintenance of SOLTIS textiles simply consists *in washing with warm water and a mild detergent.*

SOLTIS 86 carries a FIVE YEAR Manufacturer's warranty.

KEY NOTES

Claims for compensation, which arise from following the cleaning instructions, cannot be accepted since each individual case can be influenced by many different causes.
